

MECHANIC HELPER

The Lake County Engineer is seeking applications for a full time Mechanic Helper. The primary objective of this position is to assist the mechanics in maintaining and repairing construction related equipment and vehicles.

The position requires knowledge and experience in the maintenance of construction vehicles and equipment; a proficiency in the repair and safe operation of all motor vehicles/equipment including gas and diesel engine overhaul/replacement, transmission repair, clutch installation, brake overhaul/replacement as well as other associated maintenance/repair work as required.

Applicants must be proficient in various types of skilled repair and preventative maintenance on a wide variety of equipment and vehicles. Shall have a minimum of a high school education, current Valid Ohio driver's license with a Class "A" CDL including air brakes and endorsement "X". Pro Diamond Logic Training required and International Service Tech experience a plus.
